

MEMORANDUM FOR:

Admiral Bergin

The Legislative Counsel has asked all offices to review supplementary questions sent to Admiral Turner by the Senate Select Committee. The attached 2 pages [redacted] paragraphs 1 & 3, appear to be subjects to which you might want to contribute. So far no responsibility has been assigned to any office to provide a response. If you do wish to make comments, pass them to me and I will get them to OLC. The deadline to OLC is 9 March. I don't know what action OSR or other Agency components have taken so perhaps you could check your responses with them.

was advised that I had nothing to submit at this time (considering my current info had to be kept confidential knowledge), but would glad to comment on anyone else's suggestions.
